I. EXECUTIVE SUMMARY

The Board of Directors has contracted with Brown Armstrong to audit GCTD's financial operations and prepare GCTD's FY 2020 Comprehensive Annual Financial Report (CAFR), which is today presented to the Board for its consideration and acceptance. The CAFR is intended to provide a detailed picture of the financial and operational areas of the agency. Ryan Nielsen, Brown Armstrong's audit partner assigned to GCTD, will make an oral presentation to the Board to discuss the CAFR document, which is an attachment to this report in draft format. If there are any changes made prior to the Board presentation, Ryan will discuss this also. Bound copies will be provided to Board members and a digital version will be available on the GCTD website.

Brown Armstrong is also tasked to conduct TDA audits of both GCTD and of GCTD's member jurisdictions, reviewing the District's use of Local Transportation Funds (LTF) as well as the use of TDA funds members receive from GCTD. Both GCTD's and member jurisdiction audits are in the process of being conducted and are anticipated to be completed in January 2021.
