GCTD Board Meeting Minutes – January 5, 2022 Page 3 of 5

6. <u>Consider Adoption of Resolutions 2022-01 (Administrative): 2022-02 (Bus Operators):</u> <u>and 2022-03 (Mechanical), Approving the Memorandum of Understanding (MOU)</u> <u>Between GCTD and Service Employees International Union (SEIU) Local 721 — Alex</u> <u>Zaretsky, Acting Human Resources Director and EEO Officer</u>

Mr. Danny Carrillo spoke before the presentation.

Mr. Zaretsky stated GCTD has three established bargaining units with the Service Employees International Union (SEIU) Local 721 (Administrative Support Unit, Bus Operators Unit, and Mechanical Unit). On January 10, 2022, the parties reached a tentative agreement with all three units on a new MOU that is effective from July 1, 2021, through June 30, 2024. It is recommended that the Board Consider Adoption of Resolutions 2022-01 (Administrative); 2022-02 (Bus Operators); and 2022-03 (Mechanical), Approving the Memorandum of Understanding (MOU) Between GCTD and Service Employees International Union (SEIU) Local 721.

Vice Chair LaVere thanked Mr. Zaretsky, Mr. Carrillo, and the Management team. Chair MacDonald was happy contract was completed and it turned out great for the individuals working for the district.

Chair MacDonald thanked everyone for working together and was happy everyone was pleased with the outcome – great work on both sides.

Vice Chair LaVere moved to approve Consider Adoption of Resolutions 2022-01 (Administrative): 2022-02 (Bus Operators): and 2022-03 (Mechanical), Approving the Memorandum of Understanding (MOU) Between GCTD and Service Employees International Union (SEIU) Local 721. Chair MacDonald seconded the motion.

The motion passed unanimously.

7. <u>Consider Adoption of Resolution #2022-04 to Implement Revisions to GCTD</u> <u>Personnel Rules Effective February 2, 2022 – Alex Zaretsky, Acting Human Resources</u> <u>Director and EEO Officer</u>

Mr. Zaretsky stated GCTD's personnel rules periodically are subject to an update. The update is based on minor changes, with California employment law and consistencies with the MOU's. The last update was completed on September 30, 2020 and approved by GCTD's Board of Directors on October 7, 2020. The report provided was an update to GCTD's personnel rules and three standalone policies. Staff along with employment counsel updated the applicable sections in the personnel rules and referenced the sections in this Board report, with the attachment "mark-up". Staff provided a copy of the Board report and attachments to Union management, SEIU and Teamsters.

Director Haney moved to approve Consider Adoption of Resolution #2022-04 to Implement Revisions to GCTD Personnel Rules Effective February 2, 2022. Director Rollins seconded the motion.

The motion passed unanimously.

8. <u>Consider Approval of Adjustment to GCTD Non-Represented Salary Ranges Effective</u> June 27, 2021 - Dawn Perkins, Director of Finance GCTD Board Meeting Minutes – January 5, 2022 Page 4 of 5

Ms. Perkins stated staff recommends that the Board approve a 3% increase to GCTD's non-represented salary ranges effective June 27, 2021, 3.5% effective June 26, 2022, and 3% effective June 25, 2023.

Effective July 1, 2021, 2022 and 2023, GCTD's represented employees will receive a 3%, 3.5% and 3% wage increase as part of the Memoranda of Understanding (MOU) negotiated between GCTD and its three bargaining units of SEIU Local 721, ratified on January 26th, 2022. To maintain equity with the much-larger represented work force, GCTD's non-represented employees have historically received salary range adjustments commensurate with contractual increases. The salary increases in line with these adjustments were incorporated in the FY 2022 budget. Future salary increases will be included in the upcoming FY 2023 budget and will be dependent on the approval of that budget by the Board.

Chair MacDonald moved to approve Consider Approval of Adjustment to GCTD Non-Represented Salary Ranges Effective June 27, 2021. Director Haney seconded the motion.

The motion passed unanimously.

9. <u>Consider Selection of Conceptual Future Fleet Composition and ZEB Technology for</u> <u>Further Study as Part of GCTD's Zero Emissions Transition Plan – James Beck,</u> <u>Director of Operations and Maintenance</u>

Mr. Beck provided a presentation to the Board providing update on GCTD's Zero-Emission Bus (ZEB) Transition and Rollout Plan that is currently underway by Stantec Consulting Services Inc. (Stantec). The report also provided fleet technology recommendation of Hydrogen Electric fuel cell for GCTD's fleet. With Board of Directors approval for the recommended fleet technology concept, Stantec will continue developing the ZEB Rollout Plan and deliverables for the project.

Director Haney moved to approve Consider Selection of Conceptual Future Fleet Composition and ZEB Technology for Further Study as Part of GCTD's Zero Emissions Transition Plan. Vice Chair LaVere seconded the motion.

Director Haney thanked Mr. Beck and the Stantec team for all the great work. Director Johnson thanked Mr. Beck and Stantec team and appreciates all the work and a great presentation which was well documented giving Director Johnson a firmer grasp on topic.

The motion passed unanimously.

DATE March 2, 2022

TO GCTD Board of Directors

FROM Vanessa Rauschenberger, Acting Assistant General Manager

SUBJECT Consider Reconfirming Resolution 2021-09 Authorizing Virtual Board and Committee Meetings Pursuant to AB 361

SUMMARY

Since the start of the pandemic, the Board of Directors has been holding its regular board meetings virtually in accordance with Executive Orders issued by the Governor. The Governor has now rescinded those orders as they relate to the virtual meetings and the legislature has adopted AB 361 reestablishing and amending the requirements to meet virtually.

On November 3, 2021, the Board adopted resolution 2021-09 which authorized continuation of virtual meetings for 30 days. In order to continue meeting virtually, the Board of Director is required to make findings reconfirming the continuation of virtual meetings every 30 days.

BACKGROUND

When the COVID-19 pandemic began, California Governor Gavin Newsom signed an Executive Order that allowed public agencies to meet virtually. The most recent Executive Order, N-33-20, expired on September 30, 2021. On September 16, Governor Newsom signed Assembly Bill (AB) 361. AB 361 gives the option for public agencies to continue meeting virtually until January 1, 2024. This bill allows local agencies to use teleconferencing in compliance with the Ralph M. Brown Act. Pursuant to AB 361, the GCTD Board of Directors must reconsider the continuing need for virtual meetings every thirty (30) days.

Virtual meetings are permitted presently because Governor Newsom has proclaimed a state of emergency. The State of California and many local officials have recommended measures to promote social distancing. If those conditions change, the local agency can still meet virtually if it has determined that physical presence at meetings would present imminent risks to the health and safety of attendees.

RECOMMENDATION

It is recommended that the Board consider reconfirming GCTD Resolution 2021-09, declaring the need for continuation of virtual Board meetings, pursuant to AB 361.

GOLD COAST TRANSIT DISTRICT

Item #6

DATE March 2, 2022

TO GCTD Board of Directors

FROM Matthew Miller, Planning Manager *MM*

SUBJECT Consider Adoption of Resolution 2022-05 for Authorization of the Certifications and Assurances for the FY21-22 Low Carbon Transit Operations Program Funds

SUMMARY

The Low Carbon Transit Operations Program (LCTOP) is one of several programs established by the California Legislature in 2014 by Senate Bill 862. The program was created to provide operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility, with a priority on serving disadvantaged communities. LCTOP provides formula funds to transit agencies based on the operator's percentage of statewide fare revenue collected.

This program has provided financial support to many GCTD projects since the program's inception including the construction of the 1901 GCTD facility, free fare days, Token Transit mobile ticketing and the new Route 23. For the fiscal year 2021-22, GCTD has been allocated \$72,092 and staff is recommending that the funds be used to support the continued operation of the new Route 23 as it enters its third year of operation in June 2022. Last year \$30,697 was allocated to GCTD and staff is recommended that the funds be used to support the Route 23 in its second year.

The LCTOP is administered by Caltrans in coordination with California Air Resource Board (CARB) and is responsible to ensure that the statutory requirements of the program are met in terms of project eligibility, greenhouse gas reduction, disadvantaged community benefit, and other requirements of the law. One of the required elements is a resolution from the governing board authorizing an agency official(s) to execute all documents and enter into an agreement with the Caltrans for these funds.

RECOMMENDATION

It is recommended that the Board of Directors adopt Resolution 2022-05 authorizing the General Manager to execute all documents for the Low Carbon Transit Operations Program with the California Department of Transportation.

RESOLUTION 2022-05

AUTHORIZATION FOR THE EXECUTION OF THE CERTIFICATIONS AND ASSURANCES AND AUTHORIZED AGENT FORMS FOR THE LOW CARBON TRANSIT OPERATIONS PROGRAM (LCTOP) FOR THE FOLLOWING PROJECT(S): New Service: Route 23 - Ventura Road Route LCTOP Amount: \$72,092

WHEREAS, the Gold Coast Transit District is an eligible project sponsor and may receive state funding from the Low Carbon Transit Operations Program (LCTOP) for transit projects; and

WHEREAS, the statutes related to state-funded transit projects require a local or regional implementing agency to abide by various regulations; and

WHEREAS, Senate Bill 862 (2014) named the Department of Transportation (Department) as the administrative agency for the LCTOP; and

WHEREAS, the Department has developed guidelines for the purpose of administering and distributing LCTOP funds to eligible project sponsors (local agencies); and

WHEREAS, the Gold Coast Transit District wishes to delegate authorization to execute these documents and any amendments thereto to Steven Brown, General Manager or designee,

WHEREAS, the Gold Coast Transit District wishes to implement the following LCTOP project(s) listed above,

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Gold Coast Transit District that the fund recipient agrees to comply with all conditions and requirements set forth in the Certification and Assurances and the Authorized Agent documents and applicable statutes, regulations and guidelines for all LCTOP funded transit projects.

NOW THEREFORE, BE IT FURTHER RESOLVED that Steven Brown, General Manager or designee be authorized to execute all required documents of the LCTOP program and any Amendments thereto with the California Department of Transportation.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Gold Coast Transit District that it hereby authorizes the submittal of the following project nomination(s) and allocation request(s) to the Department in FY2021-2022 LCTOP funds:

Project Name: New Service: Route23 - Ventura Road Route Amount of LCTOP funds requested: \$72,092 **Short description of project:** This project will support the continued operation of the New Route 23: Ventura Road Route in the Cities of Port Hueneme and Oxnard. This route provides service to areas of the cities where no transit option was previously expanding transit accessibility to thousands of residents.

Benefit to a Priority Populations: GCTD has seven disadvantaged community census tracts and nearly all of the GCTD service area is considered a priority population in terms of poor air quality, low-income, or low-income within ½ mile of a disadvantaged community. This project will benefit all these populations within the Cities of Port Hueneme and Oxnard.

Amount to benefit Priority Populations: \$72,092

Passed and approved this 2nd day of March 2022.

Bryan MacDonald, Board Chair

ATTEST: I hereby certify that the foregoing resolution 2022-05 was duly adopted by the Board of Directors of Gold Coast Transit District at a regular meeting thereof held on the 2nd day of March 2022.

SUBJECT Discuss VCTC Transit Integration & Efficiency Study (TIES)

I. SUMMARY

The Transit Integration and Efficiency Study (TIES Study) was initiated by the Ventura County Transportation Commission (VCTC) last year to examine system efficiencies and integration opportunities among Ventura County bus transit operators. The VCTC will be discussing the scope of this study at its upcoming March meeting. To help inform the GCTD Board on this item, staff will provide an update on GCTD's participation in the TIES Study and will provide a summary of GCTD's progress since the last Regional Transit Study was completed by VCTC in 2012. This item is for information and discussion only.

II. GCTD UPDATE ON PARTICIPATION IN TIES STUDY

The overarching goal of the TIES Study is to improve bus transit throughout Ventura County in both the near-term and over the long-term periods. The Study seeks to identify strategies that will most effectively improve passenger experience, reduce operating and capital costs, and better integrate the existing operating systems. Potential strategies could range from better coordination and collaboration to integration / consolidation of transit services into one or more agencies.

At the start of the study, all transit providers in Ventura County were identified as project partners to work alongside VCTC to identify strategies that will most effectively improve passenger experience and better integrate the existing transit services throughout the County. To date GCTD staff have participated in two working groups and met directly with the consultant team to provide feedback and comments on the draft existing conditions report and initial draft strategies.

At the February 2022 Commission meeting, the Fehr & Peers' project manager described the project's activities and conveyed to the Commission that the study would be likely to have three alternatives that would range from incremental to fundamental change but that it was unlikely that any alternative would propose combining all existing transit operators in the County into one new operating entity. During the presentation, some of the Commissioners expressed concern that none of the alternatives would include a single regional transit agency for Ventura County. Commissioner Judge asked that discussion of a single countywide transit agency be placed on a future Commission agenda, adding that Commissioners could also bring their City Managers for the discussion. The Commission had sufficient votes to place this on the upcoming March agenda.

GOLD COAST TRANSIT DISTRICT

March 2, 2022 VCTC Transit Integration & Efficiency Study (TIES) Update Page 2 of 4

The March VCTC agenda item is anticipated to have the Commission specifically discuss whether to modify the scope of the study and direct staff to include the formation of a single countywide transit agency as potential objective or strategy in the consultant's work plan.

At this time, GCTD staff believe it is important that VCTC allow its consultant to complete the screening of the initial 40+ draft strategies before deciding on one outcome to pursue. Staff does not object to new strategies being added onto the table for consideration, however it is important that this initial review be completed to determine the potential impacts to service levels, future funding, operational and labor impacts, compared to other various strategies proposed. At this time, staff are encouraged that consultant is making a good effort to do this and would like to see them allowed to continue.

Additionally, as part of the next phase of this study, we strongly encourage including front-line employees and public input as part of the evaluation process, which has not been done yet. It is our understanding that this outreach is planned as part of Tier 2 screening, and we've offered to assist VCTC with this as the study progresses.

III. SUMMARY OF LAST REGIONAL TRANSIT STUDY OUTCOMES (2012)

The last regional transit study of this kind was completed by VCTC in 2012 in response to SB 716, which required that Transportation Development Act (TDA) funds in Ventura County be used solely for public transit purposes. TDA funds are derived from a 1/4-cent general sales tax and tax on diesel fuel and are generally intended for transit purposes in more urban areas, however certain cities may use TDA for streets and roads after going through an annual "Unmet Transit Needs" process. The 2012 Regional Transit Study, resulted in a consensus position by the Regional Transit Study Steering Committee, the Transit Managers and the City Managers that reflected the different priorities among the various urban and rural communities. One of the recommendations from the study included the formation of the Gold Coast Transit District in the West County. Other recommendations such as GCTD assuming operations of the regional transit services, were not implemented. In total, seven recommendations from the 2012 Study are described below, along with GCTD's progress toward meeting them if applicable (in bold).

1. Support creation of a Gold Coast Transit District (GCTD) to assume the responsibilities for West County public transportation services. Cities and communities in West County (including Heritage Valley) would be provided with the opportunity to join the District.

This recommendation was completed in 2013 with the passage of AB 664 forming the Gold Coast Transit District. Members of the District include Ojai, Oxnard, Port Hueneme, Ventura and the County of Ventura. Other cities can request to join GCTD by mutual agreement of the requesting City Council and the GCTD Board of Directors.

- 2. Transition authority for VISTA services in West County to the new District, with services in the Heritage Valley subject to negotiation and participation by those communities and California State University Channel Islands (CSUCI) and Santa Barbara County Association of Governments (for Coastal Express) pending continued funding agreements with those entities.
- 3. Support creation of a Memorandum of Understanding (MOU) in East County between the cities of Camarillo, Moorpark, Simi Valley and Thousand Oaks and the County of Ventura for unincorporated East County, to further coordination of individual services.

In 2013, an MOU was adopted by all five cities above forming East County Transit Alliance (ECTA). GCTD staff regularly attend ECTA meetings for coordination purposes.

- 4. Transition authority for VISTA East service to the East County MOU.
- 5. Support legislation to allow the use of TDA funds for Article 8 purposes, including streets and roads, and continued return to source of Local Transit Funds.

TDA legislation requires all Counties with populations over 500,000 to use all TDA/LTF funds for transit purposes. However, as of July 2014, Ventura County received an exemption in the legislation so that cities with populations under 100,000 and who are not part of the Gold Coast Transit District can use TDA funds for nontransit purposes as long as all "Unmet Transit Needs" are met. Currently, the cities of Camarillo, Fillmore, Moorpark and Santa Paula can claim TDA funds for local street purposes. Additionally, on June 11, 2018, special legislation passed allowing Thousand Oaks to spend TDA fund on streets and roads. While not required by the legislative change, the City of Thousand Oaks has agreed to follow the spirit of the Unmet Needs process before allocating LTF to streets and roads.

- 6. Use VCTC discretionary transit funds to deliver sustainable levels of transit service.
- 7. Support the objective of further consolidation over time as needed to improve connectivity and customer service.

Ongoing. GCTD continually participates in countywide transit coordination efforts including the Countywide real -time trip planning system, College Ride Free program, and the VCbuspass regional smartcard. In 2019, GCTD and the City of Camarillo signed an MOU to establish Direct Paratransit Service between Gold Coast Transit District and the City of Camarillo. Currently, GCTD staff are participating in the TIES Study, and have provided a number of creative strategy ideas for consideration in support of increased coordination.

IV. OVERVIEW OF GCTD MEMBER JURISDICTIONS TRANSIT FUNDING

In October 2013, Governor Brown signed into law Assembly Bill AB 664, which formed the Gold Coast Transit District, including: City of Ojai, City of Oxnard, City of Port Hueneme, City of Ventura and County of Ventura. The enabling legislation AB 664, creating Gold Coast Transit District, enables other cities to request to join the District by mutual agreement of the requesting city's City Council and the District, and also establishes a process for members to have individual transit needs funded.

As a Special Transit District, GCTD is the direct recipient of Federal transit funds (5307) and TDA/Local Transportation Funds (State Sales Tax) on behalf of member cities. Prior to the formation of the GCTD, local TDA funding for operating costs and capital projects was provided to Gold Coast Transit (operating as a Joint Powers Authority (JPA) since the 1970's) by its member agencies, allocated by a formula based on the percentage of revenue miles of transit service provided within each participating jurisdiction.

In accordance with GCTD's enabling legislation, GCTD members may claim from GCTD a portion of those funds for transit services such as Ojai Trolley (Ojai), Kanan Shuttle (County of Ventura), or the operation and maintenance of locally supported transit facilities. Each year, the District distributes TDA funds to its members for transit-related purposes such as bus stop construction and transit-related maintenance needs.

In terms of service delivery, GCTD's fixed route service is directly operated by over 200+ employees (majority of these employees are Bus Operators and Maintenance employees represented by SEIU). GCTD's Demand Response/ Flexible Service (ADA/Paratransit, Late Night Safe Ride, and planned Microtransit) service is operated by MV transportation. MV Transportation is also currently the contractor for transit service for Thousand Oaks, Moorpark, ECTA, Valley Express, and County of Ventura. RATP Dev is the other contractor operating in the county which operates transit service for VCTC (Intercity services) and Camarillo Area Transit.

As a Special District, GCTD has a dedicated staff including Operations, Maintenance, Human Resources, Planning & Marketing, Customer Service, Finance, IT, Procurement, who work to implement service improvements and meet the public's transit needs from a systemwide perspective. As of 2021, GCTD provides over 75% of the transit trips taken annual in the county.

To guide the overall delivery of transit service to the District's members, the GCTD Board has adopted a number of Policy and Planning documents including: Service Planning & Evaluation Guidelines (February 2014), Bus Stop Guidelines (June 2015), Short Range Transit Plan (November 2015), Fleet Management Plan (updated annually), COVID-19 Recovery Plan (2021). Staff also conduct annual systemwide passenger surveys annually to help inform plans.

In July 2019, GCTD completed construction of an Operations and Maintenance Facility in the City of Oxnard. The 15-acre facility enables GCTD to maintain a fleet of up to 125 buses and includes an administration and operations building, a compressed natural gas (CNG) fuel station, bus wash and an 8-bay maintenance and repair building, with space available to add an additional 4 bays as fleet expands. In 2021, GCTD began the process of developing a Zero Emissions Transition plan that calls for facility investments in Hydrogen Fuel at its Oxnard facility, as part of meeting the CARB mandate to transition to 100% Zero Emissions.

V. RECOMMENDATION

This report is for information and discussion only. GCTD staff will continue to work with VCTC staff and their consultant team to provide input on the TIES Study to support quality transit in the region.

Subject: Receive Update on 2021 Passenger Survey

Summary

Between June and December 2021, GCTD conducted a survey to examine passenger response to recent GCTD route and service changes and gauge rider satisfaction of current GCTD services. This report contains an analysis focusing on public transit use and riding patterns as well as an analysis of passenger satisfaction of major service change improvements. As the agency navigates through the ongoing pandemic, the results from this survey will be key to GCTD's future service planning. A summary of survey questions and responses is included in the appendix. Results will be shared with passengers on the GCTD website and will be included in future plans.

Background

In March 2020, in response to the COVID-19 outbreak GCTD implemented many safety measures and cleaning protocols to protect public health. Also, in July 2020 GCTD implemented a route redesign in south Oxnard and implemented a new route connected Port Hueneme and North Oxnard via Ventura Road. These changes were identified in GCTD's 2015 Short Range Transit Plan.

In late 2020, staff conducted a passenger survey to measure the effectiveness of GCTD's safety protocols and asked what would help passengers use transit more in light of the COVID-19 pandemic.

Staff conducted this passenger survey to receive feedback on the service improvements and safety measures described above and to reaffirm passengers' desired service improvements.

Recommendation

It is recommended that the GCTD Board of Directors receive and file this presentation and provide any feedback to staff on the material presented.

1 INTRODUCTION

The COVID-19 pandemic has had substantial impacts on public transit across the nation. At GCTD, transit ridership drastically dropped in the first few months following the state's stay-at-home order in early 2020. Moreover, perceptions of public transit as high risk compared to alternative modes of transportation (personal vehicles, walking, bicycling, etc) prevailed in the months following and led to loss of ridership, and, consequently, service reduction.

Based on passenger responses in the 2019 and 2020 Passenger Surveys, GCTD put into effect various service improvements as well as enhanced safety measures to address passenger concerns relating to COVID for its July 2020 service changes. The purpose of the 2021 Passenger Survey was to receive rider feedback on recent service changes and enhanced safety measures and reaffirm desired improvements as they relate to overall passenger satisfaction.

As the agency navigates through the ongoing pandemic, the results from this survey will be key to GCTD's future service planning.

1.1 KEY TAKEAWAYS

- GCTD riders who utilize transit frequently (3-5 times a week or almost daily) are dependent on transit as their primary mode of transportation;
- Since the July 2020 route and service improvements, passengers' are primarily reporting faster trips;
- A majority of passengers (71-82%) who report they are experiencing faster trips, do not have access to a vehicle or do not have a license;
- Results show that 76% of respondents felt safe while riding GCTD buses, and therefore are satisfied with GCTD's efforts;
- More frequent service, longer span of service and express services would create more ridership and should be key considerations in future planning efforts.

2 METHODOLOGY

A survey of transit riders and the public was conducted to examine response to recent GCTD route and service changes and gauge rider perception of current GCTD services. The survey collected information on respondent demographics, passenger travel behavior, concerns about health and safety, and service improvements and preferences. Information on fare media preferences and mobile ticketing was also collected.

Printed bilingual surveys were made available and collection boxes were installed on GCTD fixed-route buses. The survey was also available online with links posted on the agency website and all social media outlets. Responses were collected between June 3, 2021 to December 1, 2021.

3 SELECTED ANALYSIS & RESULTS

The survey analysis in this report will focus on responses relating to the use of public transit, transit riding patterns and response to recent major service changes to GCTD fixed-routes. While the survey results are not intended to represent GCTD riders as a whole, they are descriptive of general passenger needs. GCTD received 193 survey responses. The largest number of responses was received from people in the 45-54 age groups, followed by 65-74 group and 26-44 group. A complete set of all survey questions and results are included in the Appendix.

3.1 PUBLIC TRANSIT USE & RIDING PATTERNS

Since GCTD targeted likely transit riders, nearly all respondents reported using GCTD services. GCTD aimed at assessing ridership frequency since its July 2020 service changes to see if the ongoing effects of COVID-19 influenced riding patterns and the use of public transit. Although the pandemic interrupted GCTD services, results from last year's COVID-19 Passenger Survey indicated many riders are transit dependent, utilizing public transportation almost daily for essential trips. Additionally, survey analysis showed that despite the initial downward trends in ridership, public transit remained a necessary service particularly to passengers who utilized GCTD services several times a week and self-identified as "essential workers."

Figure 3.1.1 shows a distribution of ridership frequency. Unsurprisingly, 73% of respondents reported using transit 3-5 days a week or more. Despite fitting the typical GCTD rider profile, this figure is not representative of the use of riding transit as the only method of transportation. Rather it displays how many people use GCTD services, either by itself or in combination with other modes, such as a bicycling or using a personal vehicle. Figure 3.1.2 reports the primary reason respondents utilize GCTD services. Nearly 70% of respondents (128) indicated that their primary reason for using public transit relates to lack of possession of a personal vehicle or the inability to operate a vehicle. Of the respondents who reported using transit more than 3 days a week, 76% either did not have access to a car or did not possess a driver's license. These results reinforce the notion that the majority of GCTD riders who utilize transit frequently are dependent on transit as their primary mode of transportation.

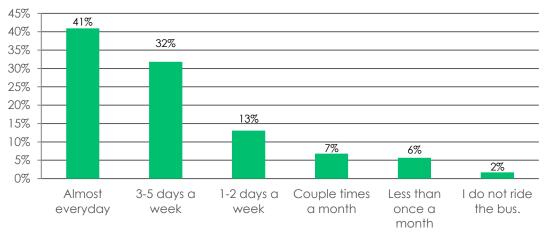

Figure 3.1.1 Ridership frequency.

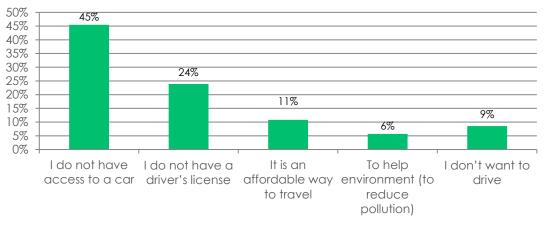

Figure 3.1.2 Primary reason respondents utilize GCTD services.

Results from the previous year's COVID-19 Passenger Survey showed that safety as it relates to COVID-19 concerns (regular cleaning of buses, face mask wearing, etc) are important amenities to riders. In the 2021 survey, passengers were asked to report how safe they felt riding GCTD buses. This question aimed to gauge passenger perception of safety following the measures GCTD took to address rider concern. Figure 3.1.3 shows the distribution of passenger safety on a scale of feeling "Very safe" and "Very unsafe." This analysis assumes that passenger's feeling of safety is a form of passenger satisfaction, where the categories "very safe," and "somewhat unsafe," are regarded as a positive, "neutral/not sure" is indifference, and "somewhat unsafe," and "very unsafe" are regarded as negative. Results show that 76% of respondents felt safe while riding GCTD buses, and therefore are satisfied with GCTD's efforts.

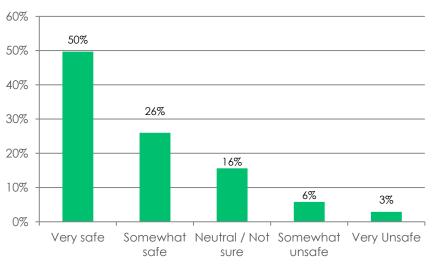

Figure 3.1.3 Respondent's feeling of safety while riding GCTD buses.

It has been generally accepted that older populations are more vulnerable to COVID-19, and with the growing concerns of COVID variants one may think that riders from the older age groups would report feeling the most unsafe. However, the distribution by age group of people who felt "somewhat unsafe" or "very unsafe" is similar to the overall age distribution of the total number of respondents (Figure 3.1.4). Therefore, there is generally no significant difference between different age groups regarding how safe respondents felt.

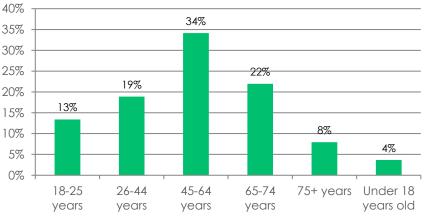

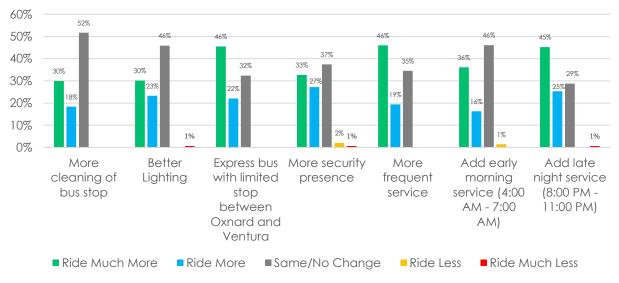

Figure 3.1.4 Percentage of Respondents in Each Age Group.

Undoubtedly, COVID-19 has changed work, life and commuting habits, and while ridership is on an upward trend, GCTD will need to carefully strategize how it utilizes resources in restoring ridership. Respondents were asked to rate how different service changes would affect their decision to use public transit (Figure 3.1.5). The choices were based on ongoing and future projects, such as GCTD's Bus Stop Improvement Plan and options for express bus services.

Results show that 45% or more of respondents would "ride much more" if there was an express service connecting Oxnard and Ventura or if there was generally more frequent on routes or later night service on fixed-routes.

Figure 3.1.5 Ridership Impact of Different Service Changes

3.2 SERVICE CHANGES IMPROVEMENTS

Prior to the pandemic, GCTD aimed to better understand passenger needs and desired improvements by conducting a passenger survey. An analysis of the 2019 GCTD Passenger Survey results showed that passengers responded positively to reducing travel time and overwhelmingly favored an increase in trip frequencies as desired improvements. The survey analysis concluded that offering faster and more direct service would increase passenger satisfaction.

For this survey, respondents were asked to provide the main reason they would not use public transit. Not unlike the results from the 2019 survey, which favored reduced travel times as a desired improvement, **46% of riders reported that long travel times is their primary aversion to utilizing public transit.** Figure 3.2.1 is a breakdown of the different reasons respondents would not use public transit. In 2020, GCTD suspended fares to allow passengers to enter through rear doors and minimize contact with operators. In May 2021, GCTD resumed fare collection, which appears to have no correlation on the cost of farses to public transit usage. Only a handful of respondents (1%) indicated that the primary reason they would not use public transit is because it is "too expensive."

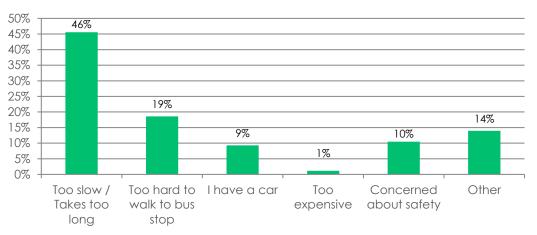

Figure 3.2.1 Responses to what the primary reason respondents would not use public transit

Several improvements were implemented in the July 2020 service changes, including:

- optimizing travel times on Route 1A/1B by consolidating bus stops,
- route modifications and redesign to Routes 4A/B, 3, 8 and 9, and
- Introducing Route 23 to connect South Oxnard, Port Hueneme and North Oxnard.

The purpose of these changes was primarily to respond to passenger demands for reduced travel times and more service to underserved destinations. Since the implementation of these services, staff is curious as to how these changes have affected the passenger experience. The last set of questions asked passengers specifically about the recent changes to Routes 1A/1B, 23 and redesigned routes 4A/4B, 3, 8 and 9.

The survey asked respondents to report how the changes affected their trip experience. Staff can anticipate that passengers do not use every route in the GCTD network, so responses indicating that the change did "not go where I need to" or was "not applicable" to the respondent were excluded for this particular analysis.

Figures 3.2.2 - 3.2.4 illustrate the effects of passengers' trip experience. An overwhelming majority of respondents (over 80%) reported that **changes have resulted in reaching their destination more quickly.**

Further analysis shows that for those who ride public transit 3-5 times a week or daily indicated each route change resulted in a faster trip and of these respondents 71%-82% do not have a car or do not have a license. Knowing the majority of GCTD riders utilize GCTD services as their primary mode of transportation, future planning efforts should focus primarily on improvements related to reducing travel time or increasing service frequency to meet the needs of GCTD passengers.

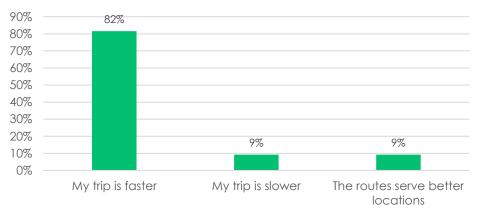

Figure 3.2.3 Overall Effects of Modified Routes 3/4A/4B/8/9 to Reduce Travel Time.

4 CONCLUSION

As GCTD navigates through the pandemic, the results from this survey give GCTD insight to rider's response to major route service changes and improvements during the pandemic. Although COVID-19 interrupted services, transit dependent riders remain GCTD's largest passenger pool.

During the pandemic, passengers responded positively to the improvements to Routes 1A/1B, 3, 4A/4B, 8, and 9, and the introduction of Route 23, and while the findings from this survey are not meant to be conclusive of GCTD's overall delivery of service, they reinforce and demonstrate passenger satisfaction with reduced travel times and other GCTD improvements. GCTD will need to continue to consider service improvements especially as it navigates out of the pandemic while considering any residual effects on ridership from the pandemic.

Although not all data from this survey was included in this report's analysis, information gathered will be considered for GCTD's current and future fixed-route service planning. For instance, data gathered on changes in transit usage based on transit amenities can be incorporated into GCTD's Bus Stop Improvement Plan. Passenger origin-destination data will be useful in giving insight to better understand demographics and travel behavior for GCTD's upcoming Short Range Transit Plan. Moreover, GCTD received many open-ended comments and responses on where passengers have difficulty traveling. These questions are very valuable as they do not limit respondents to a predetermined set of possible answer choices and, therefore create a more diverse pool of genuine passenger opinion. Staff can categorize this qualitative data to create themes of different service changes and improvements and incorporate it into GCTD service planning.

Question #19: Please provide any additional comments on how service can be improved to meet your needs.

| My bus rides are excellent. Bus drivers are always courteous and caring. They lower the bus for me |
|--|
| Should consider having a routes to Santa Paula it would help the college students a lot. More frequency on 10, 11, 17, and 6. |
| I ride the bus on route 23 daily, I board at approx. 10:56 am at Ventura Rd/ Ivywood. I would like to compliment the driver for always having my transfer slip ready when I board on way to Esplanade transfer center. He is very safe and a nice driver. |
| # 4059 Bus Takes additional breaks each time, using cell phone in excess. |
| On time pick ups |
| Northbound 16 at Borchard is dirty from spilled food and drink. Southbound has someone living there. |
| Add a bus stop stop at Bard Road and J Street North and South. |
| Outstanding! All the drivers are way helpful, friendly and very respectful. God bless and take care all of them. I really appreciate the drivers when a person is waiting to catch the bus, they wait for the person. They have a lot of patience. |
| Please put VCTC bus schedules on Gold Coast Transit District buses. |
| Outstanding! All the drivers are very helpful, friendly, respectful, and have lots of patience. God bless and take care of them: I really appreciate the drivers unit, drivers wait for a person if they see them running to catch a bus. Thank you very much! Please less time to wait. Please, especially waiting over an 1 and a half for a bus that never arrived. This happened twice. More frequency on route 6, 10, 11 |
| I'm blessed riding on the GCTD Bus. All of the drivers are very friendly and very respectful. All of them are "outstanding" God bless and take care of them always |
| My comments is: all outstanding! I thank all the drivers of GCTD way helpful, friendly, way respectful. God bless them all and take care of all of them. |
| Phone chargers on bottom of seat, wifi |
| More frequent service on Route 16. Have less druggies on the bus bugging passengers and bus drivers. Your guys agenda should not be to baby sit those problem passengers too much. |
| Elderly and handicap should not have to show ID. The bus stop on Ventura Avenue need cleaning more often. |
| I ride the bus often to go to Ventura College and the mall. I have been very content with the bus. I always feel safe and there should be more stops by the golf course. |
| I wish the # 9 still ran because I have to walk so far to catch the bus. |
| Put a shelter at Bus Stop on Poinsettia Gardens there are two senior parks there and we need a shelter for wind and sun. |
| Most people I know in Ojai go to Ventura for food shopping: Sprouts, Ven/Lassens' on Main St & TJ's @ Pacific Mall. I do this w/ the 16 & 11. We all take our cars alone all the time. What about an express 15 seat Van to start @ Von's Ojai, one p/u in Oak View, a stop at VTC and then to Donlon. Have a morning express 16 w/ one stop in Center of Ventura, one @ VTC, & @ gov't center. And then a return at best HR. But this has to be surveyed& promoted w/ Environmental & Community Groups in Ojai. |
| The bus drivers are really nice and friendly |
| It would be nice if the Laurel & Gisler stop was returned, even if it was during limited hours during the mid-day. I can't always remember to schedule the access bus under their guidelines. That's the most frustrating part for me! I wish I could reserve my ride with them at least a few days ahead of time instead of the day before! I have memory issues short-term but longer term I can remember things quite easily. If I can't remember to schedule the day before I would either have to stay home and miss my doctor's appointments or hope that I could catch the regular Transit bus from South Oxnard to downtown Ventura. I can't walk to the closest stop to me. I would run out of energy and my M.S. body would be too fatigued as a result to try to get there. |
| More frequency on 9, 10, and 21. Transit to Ventura Harbor Village |
| Going to Harbor Again, Ride to Ventura Harbor. Like I said- buses should start going to Ventura Harbor again. Bus drivers that can help passengers with directions better. More alert drivers knowing what is going on in their buses. |
| Benches are too close to the street. |
| More frequency on the 16 and 10. More comfortable bus seats. |
| More frequent service on 6, 21, and 3 |
| Really appreciate having the service . So glad the # 21 went back to every 1/2 hour. Miss having the Route # 20. |
| The Transit Center and buses should not be a repository for the cities castoffs. Serious intervention needs to be done to return these areas to acceptable standards. |
| Need Monthly Disabled, How Much? Should Be Free! |
| All buses never show up to stops on time I've been late to work 10 times |
| Bring back 6:28am (Victoria & Wooley rd) route 21 on weekends. I take to work. |
| An early/late bus for the 16 and more frequent stops would make life so much easier |

Some drivers need to have their attitude checked. They are disrespectful and rude.

Thank you I have special needs and everyone was really nice.

The service to downtown ventura stops at 8ish on Friday which means I have to drive downtown to get dinner even though I am only 3 miles away. For VCTC the bus is very inconveniant to get to work because of how infrequently it runs. I have to be at work in Camarillo at 8am which means either arriving at work 30 minutes early or 30 minutes late given the current route scheduling. 30 minutes is basically the time it takes to just drive from Ventura to Camarillo

Some of my transfers expire before I get on. Had to pay again.

These are difficult times for all of us. I think most of us are doing our part to help keep passengers safe and secure. Keep doing a good job. Thanks

Love it

I think drivers should be getting paid more for working over shifts and working more for there money

The 4b bus used to go straight down Gonzalez all the way to OHS where I go to school. I can no longer take this route because it doesn't go that way and would take too long. Please change this

More frequency on 8, 1A/1B Add Later trips beyond 7PM for Route 8. Train some of your drivers better customer service. Train you drivers to look at their mirrors is someone is running after the bus to ride before they leave the bus stops ahead of time scheduled.

I would like to see route 4A come more frequently-every 30 minutes would be nice. Route 4B comes every 30 minutes, I don't see why 4A can't also come every 30 minutes. I would actually like to see all the routes come every 30 minutes. Sometimes people get stuck waiting for an hour if they miss the bus. Also, when I use route 4A in the morning, the bus I take is crammed with high schoolers and I sometimes have to sit right next to someone, which is not safe during the pandemic

OTC and Vtc are not safe the Security guards don't do anything they are a joke and drivers not wearing mask and Passengers not wearing them too drinking beer and doing drugs on the bus and driver tells you set in front Closer bus stop by my job

No walker space, driver area full. Why do all buses leave at same time, makes it hard to transfer. Need better transfers.

15 minute frequency on all core routes, such as the 1, 6, 11, 10/16, 17, 21, and 23. Evening Service until 12am on all core

routes. Limited stop "Rapid" service pilot on route 1/6 between VTC and Port Hueneme via Saviers/Oxnard

the blue bus should stop at wagonwheel and spur too.

Thank you All Staff at GCTD

More time for transfers

The Route 9 was very helpful for me. Actually I have to walk since C Street to Elm Street and Saviers, before Route # 9 made it easy for me.

Need service labor day memorial day on small houldays

I really think very strongly. More help to people with wheelchairs and walker and other disabilities. Some drivers are very good, and sometimes they aren't. I have been very blessed all have help me well.

I wish there was a bus route that was a little bit more closer to my house.

Please add more frequent #16, especially at peak times.

Bring back Rose Ave to Wells Rd. Try to coordinate bus times to make transfers more efficient.

Customer service from drivers is terrible. I have seen them be outright mean. Drivers have refused to hold buses, give false information. Also ridership should be based on ability to pay.

More frequency on 6, 8. The bus ride is good! Thank you and God Bless.

I wish to laud your driver named Paris for his outstanding helpfulness to two single ladies travelling on Amtrak who got into Oxnard Mon Night August 23rd. He helps us find our way to the Holiday Inn Express. Give him a special Thanks from Lois and Marjorie Rt 1B.

Rude Drivers (4019) shouldn't target elderly females.

More frequent service on route 10. I'm quite annoyed at the way these recent route cancellations have been handled! No notices, No warnings. No nothing, until I find myself stranded! Who the hell is going to check the website beforehand? This was really screwed up!

More frequent service 6, 10, 21. More local areas to buy bus passes (Vons?)

More frequent service on 21, 8. Comfy seats.

More frequent service on route 8, 21

A "Beach Rte" Pier Point, Ventura Harbor Village, Harbor Blvd to Channel Islands. A light night "Sweeper" on Route 6, 16.

Bring back the bus stop in Oxnard on Bard and J Street.

Customer Service Personnel needs to change for the better!

Please consider going through Camarillo. The bus isn't always reliable and is the only way to Camarillo and out of Camarillo.

Need Walker Storage, buses to meet each other/Vista/East and West be more coordinated. Also a stop at the Metro Link.

Additional security at OTC would be nice, I don't feel safe there, constantly looking around and over my back.

Bud card that works. Not a piece of paper with a magnetic strip.

The fare could be a lot cheaper, and social distancing needs to be enforced on the bus. Also, people at the transit centers have been taking showers in the bathroom, which makes it impossible to use the toilet. Some added security measures would be helpful at the transit centers.

Actually have a bus service to the harbor. I miss being able to go there.

Windows need to be cleaned more often. More buses need to arrive sooner to catch Vista buses for transfer. Old service buses was 40 minutes. Vista buses have a longer wait for buses.

Driver # 1059 this was the best driver ever. Very friendly, polite, courteous, and positive attitude. Wish there were more like him.

Discounts for people with government assistance or other programs

i would like to see more routes to the beautiful beaches like silver strand, Hollywood beach, ventura harbor, etc

Feel good was this service

Need better Customer Service Personnel! Personnel- Drivers & Customer Service attitudes must be better - non bias, at bus stops attitude adjustments some have "clicks" (note: c may have been a d on survey). Passengers- hygiene, dirty, too much carts/baggage/bad attitudes/don't keep mask on! I used to buy 31-day pass, but no longer due to bad customer service.

More frequency on 8 and 21. Add a Route for Channel Islands/Harbor/Port Hueneme/Oxnard Beach Area.

I think Drivers should be nice.

Route connecting Camarillo. 24 hour bus service.

Improve bus drivers consistency on they drive the bus. Sometimes they drive too slow to match the schedule, instead of waiting at some stops like most of the drivers. Add later service on the weekends.

XX

Do better with the Route 16 Bus. Can't depend on it.

A Ventura Main and Ave office would be good for all three county's. An there are office open on Main St. on the Ave in Ventura.

Sometimes, not always the driver the bus drives 5 to 10 mph below the speed lime. Instead of going the speed limit. So no waiting times at any stops. Instead drive normal speed with waiting at stops. I think this is much better because it becomes more of a regular ride with so many old people on the bus. (riders that is)

Great service, except Kaiser has a new building on Market Street that is a long walk to the bus stop.

Need outlets on buses and Wi-Fi for free.

I am a bicyclist. My bike is very heavy. The drivers only seem to kneel the bus a little bit. Please teach them to kneel the bus completely!

Add Route #22 again.

Remove unnecessary bus stops

More frequent service Route 6 Oxnard to Ventura 5PM to 7PM

Change route 21 weekend times to every half hour. Enforce senior sitting area. Route 20 was convenient for me. So thankful for bus service you all are great. Kept things going during 2020 with a smile.

736 male, good nice

059 Lady nice, Good Job

Provide more connections between north Oxnard/downtown Oxnard and Ventura.

Bus stops in Main Street are closed between Catalina and Santa Clara. That's too far of a distance.

I really like the signs at bus stops that say when the next bus arriving. If there is a phone app with that info, would be great. Need more shade and wind break at bus stops.

Add service to Ventura Harbor a few days per week.

We need a bus just for wheelchairs. Two spaces is not enough for Routes 1, 4B, and 6.

Please, for ventilation, because it is an important CDC guideline pandemic-wise, have all the windows open. Whether, or not, the AC is on. People with ineffective cloth masks worn improperly, sitting close to me, does not cut it.

Wish there was a bus the goes from lemonwood directly to OTC. The change from turning the channel island and eden stop to route 3 has added an hour to my commute. I also liked when the bus went to oxnard college. The bridge on channel island is not safe especially when traveling with kids. Having to now use it is nerve racking as many of the cars speed through it. I miss having the 8 pass by Channel Islands and eden.

If the bus it making it quicker then the time stops(per the book the bus will be here at a certain time actually stop so you are on track) I understand when they get behind but when you are 10 minutes early to a stop and they keep going how are you supposed to transfer

I'm in high school lots of my friends enjoy going to the beaches & parks but our community has no transportation out their. Bring back Route 20. Provide service from District 7, Pierpont, Beaches, Marina ParK, Seaward, Harbor, Portside. Parking very limited and this may encourage the community to ride the bus instead of drive.

Good job, keep it up!

Night service would be nice for people who work on graveyard hours.

Please keep Route 23, it gives me better access all around Oxnard without having to transfer to another bus. We need this bus route.

Add seat belts for children under 5 years old

Everything is perfect

They do a good job (bus operator 1095)

Bus Operator 686- Lady Good Job

Deberían de poner luz en las paradas del bus.Hay paradas que están muy oscuras.Y anunciar cuando el bus va a llegar a la calle 4 y B que va para el otc anunciar cual bus viene para tomarlo uno

(They should put lights on the bus stops. There are stops that are very dark. And announce when the bus is going to arrive at 4th Street and B that goes to the OTC, announce which bus is coming to take it)

Necesitamos el servicio de autobús, ya es bastante difícil debido a todas las cancelaciones por las mañanas. Nos pueden despedir por no presentarnos al trabajo

(We need the bus service, it's very hard due to all the cancellations in the mornings. We can get fired for not showing up for work)

limitando el tiempo en las transferencias del #21 al #3. Necesitamos esperar 30 minutos en la mayoria de las conexiones y reintegrando ruta # 9 u otra para poder ir a esos lugares iba esa ruta

(Reduce the time on transfers from #21 to #3. We need to wait 30 minutes for most connections and reintegrating route # 9 or add another route to be able to go to those places that route went)

que los buses no pierdan el schedule que llegan a tiempo

(Buses need to arrive on time)

como quitar todos los indijentes de las paradas y mas seguridad. Limpias las paradas porque huele mal y mucha basura. (How to remove all the indigents from the stops and add more security. Need to clean the stops because it smells bad and there is a lot of garbage)

1. gracias por su servicio gratis ano pasado, gracias su amor de la pasajeros. 2. gracias a la amabilidad de los choferes, paciencia. 3. gracias, por mantener los mismos empleados, gracias a todos.

(Thank you for your free service last year, thank you for your love of passengers. 2. thanks to the kindness of the drivers, patience. 3. thank you, for keeping the same employees, thank you all)

Los choferes tienen que pacientes y ser respetosos y ser amables

(Drivers need to be patient and respectful and kind)

Si pueden poner la parad que quitaron hace un Ano 1A antes de llegar a la Ventura Rd hay unos Apartamentos para personas mayores y es dificil a el bus gracias.

(Can you put the stop that was removed a year ago on 1A before reaching Ventura Rd. There are some Apartments for the elderly and it is difficult to get on the bus thanks.)

Son buenos conductores y muy delicadas pero bien.

TO Gold Coast Transit Board of Directors

FROM Yvett Urteaga, Human Resources Coordinator

SUBJECT Human Resources Quarterly Update- 2nd Quarter FY2021-22

I. SUMMARY

This report covers the 2nd Quarter (October 1 through December 31) of Fiscal Year 2021-22. The report describes the main activities the Human Resources Department focused on during the 2nd Quarter: Personnel Changes, Recruitment, Training and COVID Updates.

Personnel Changes & Recruitment

Two long-term employees retired in December 2021. Both employees started with the District in 1991. At the time of retirement, the employees had served GCTD customers a combined 60 years. GCTD wishes both employees a happy and safe retirement.

GCTD encountered recruitment challenges during this quarter. This was commonly experienced by peers throughout the transit industry and our national economy. We were successfully at filling the following positions:

- Material Specialist
- Bus Operators
- Operations Supervisor
- Accounting Analyst

GCTD continues recruitment for multiple Maintenance and Bus Operator positions. GCTD's overall turnover rate was **0.92%** for the 2nd quarter. Employee turnover rates describe exiting employees being replaced by new hires. The 0.92% rate is much more favorable than the 2020 overall turnover rate of **57.3%** reported by the United States Bureau of Labor Statistics.

Training & Professional Development

Staff used the recently implemented Paycom payroll system to register employees for their 2023 Health Benefits. This joint effort with the Finance Department required

training of all employees on the new portal to successfully complete the Open Enrollment season.

Staff developed and hosted an Interview Workshops. The workshops are intended to help current employees build skills and confidence in their interview abilities. This investment in staff is also intended to encourage more active participation in future recruitments that provide opportunities for advancement and growth within the organization.

The November workshop was hosted at the GCTD facility and attended by 14 employees. Staff requested feedback from the participants to incorporate into future sessions. Feedback was very positive, with many stating that the workshop was appreciated and valued by the employee(s).

COVID Updates

The 2nd Quarter was a time of flux as it relates to COVID, specifically vaccinations and mask mandates. As the quarter started, mask mandates eased, only to be reinstated when the surge developed later (the Omicron variant). Multiple changes occurred to public health information and the recommended protocols at the national, state, and local levels. Staff followed these developments, implemented changes in GCTD protocols as necessary to keep all GCTD employees informed, in addition to tracking potential workplace exposures throughout the quarter

Other Activities

The Acting HR Director, alongside fellow members the Management Team, worked to negotiate a Labor Agreement with SEIU. An agreement was reached and ratified in January 2022 by SEIU membership before being approved at the February meeting of the Board of Directors.
